

## **O2 is Recycling Mobile Phones for the Edinburgh Guarantee**

The City of Edinburgh Council has teamed up with O<sub>2</sub> Recycle to raise money for the Edinburgh Guarantee by recycling mobile phones.

The Edinburgh Guarantee Partnership is promoting the project both within and out with the council. Any profits from resale of refurbished phones or reclaimed components will be paid to the Edinburgh Guarantee to assist young Edinburgh residents into positive post-education destinations. This initiative also helps the city to achieve its [Sustainable Edinburgh 2020](#) targets.

O<sub>2</sub> Recycle has supplied plastic collection boxes for unwanted mobile phones at all of the [city's libraries](#).

Collection boxes have also been placed in public areas of the following Council buildings:

- City Chambers (High Street);
- Chesser House (500 Gorgie Road);
- Waverley Court (4 East Market Street).

Please support this worthwhile initiative by donating your own unwanted mobile phone and ask your family, friends and neighbours if they would like to donate too. Make sure that you have removed all personal data before you donate your phone.
